

## Global Citizen Lab

### Berlin – La Courneuve – Cluj

The **Global Citizens Lab** provides a forum to bring highschool students from socially deprived districts and/ or marginalized communities of Germany, France and Romania together in a learning experience.

You will get to know each other and learn a little of each other's languages. Together you will explore the different situations of youth in the participating cities. **As a team**, you'll develop strategies against discrimination for participation in a global setting and you'll get to look into issues through the perspectives of tolerance, diversity and sustainability. The program offers you the opportunity to build meaningful connections with the group members during the experiences abroad and stay in touch between the workshops by social media.

Overall, the group will consist of **45 persons** from Berlin, La Courneuve and Cluj. This means **15 persons from each city: 10 students and 5 mentors/advisors**.

Please let the contact person of your city know if you need a **dispensation from school**.

#### **Program schedule:**

**Workshop 1: 31.10.2012 - 04.11.2012**
